

# WHITENER

## OPTICAL BRIGHTENER BASED ADDITIVE FOR WASHING OF FABRICS

- It maintains, improves and prolongs the whiteness of fabrics
- Excellent results even at low temperatures
- Optimised for use with Oxipur system products

Additive with latest generation of brightening agents for automatic washing of all types of white fabrics. Particularly effective on cotton fabrics and also compatible with synthetic ones. It can be used in all washing programmes and with any water hardness, guarantees excellent results even at low temperatures. Formula specially designed to:

- maintain, improve and prolong the whiteness of fabrics;
- guarantee excellent results even at low temperatures;
- restore and rejuvenate yellowed fabrics.

## ? HOW TO USE

Use preferably in the last rinse or alternatively during the main wash.

- To be used with the other products of the Oxipur range, and with Sutter Tech automatic dosing systems.
- If used in the last rinse, introduce WHITENER at the beginning of the phase. If softener is included in the same phase, delay the introduction of softener by at least 60 seconds, ensuring that the rinse phase lasts at least 5 minutes.
- If used during the main wash, introduce WHITENER at the beginning of the phase with the main detergent (ENZY EXTRA, CLEAN ACTIVE or DEGRE PLUS).

For further information please contact the Sutter Professional technician.

## WHITENER

### DILUTION

- For whiteness maintenance: 1-3 ml per kg of laundry.
- For restore whiteness: 4-6 ml per kg of laundry.
