

SOFT POWER CAPS PINK

MICRO-ENCAPSULATED SCENTED FABRIC SOFTENER

- Patented micro-capsule technology for a long-lasting perfume release over the time
- Long-lasting floral scent with fruity and woody notes
- Optimised for use with Oxipur system products

Highly perfumed softener with micro-encapsulated scent for automatic washing of all types of fabric, even delicate ones.

Long-lasting perfume with an intense floral fragrance (Lily of the Valley, Rose, Orange Blossom), with fruity (Apple, Orange) and woody notes.

Concentrated formula, based on cationic surfactants for stretching fibres, based on cationic surfactants for stretching fibres, specially designed to reduce consumption and allow low costs in use, while guaranteeing excellent performance in terms of softness and scent, even after drying and during ironing.

Patented technology with a new generation of micro-capsules:

- capable of releasing a dynamic and long-lasting scent on fabrics, thanks to the rubbing of the fibres, in fact, the micro-capsules are activated and release their scent during the use of the fabrics, even months later;
- with odour control system for an improved freshness of fabrics;
- with natural essential oil;
- with special coating to facilitate deposition on the fibres;
- with micro-encapsulated scent with citrus, aromatic and floral notes.

SOFT POWER CAPS PINK**? HOW TO USE**

Always use in the last rinse, for best performance it is recommended to increase the water level.

- 5 Kg size: pour the product into the washing machine reservoir or into the soaking tank of the fabrics for hand washing.
- 20 Kg size: to be used with the other products of the Oxipur range and with Sutter Tech automatic dosing systems.

If used in combination with other additives, neutralizers and/or chlorine reducers (e.g. WHITENER, CONTROL POWER, OXY ACTIVE, PER ACTIVE and STAIN ACTIVE), introduce the softener with a delay of at least 60 seconds, ensuring that the rinse phase lasts at least 3 minutes.

For further information please contact the Sutter Professional technician.

**DILUTION**

- 1-5 ml per kg of linen.

To be dosed according to the cycle of washing and water hardness.
