

SOFT POWER CAPS

SOFTENER WITH MICRO-ENCAPSULATED SCENT FOR WASHING FABRICS

- Patented micro-capsule technology for a long-lasting perfume release over the time
- Long-lasting floral fragrance with aldehyde, spicy, woody and peach notes
- Optimised for use with Oxipur system products

Highly scented micro-encapsulated fabric softener for manual and automatic washing of all types of fabric, even delicate ones.

Long-lasting perfume with an intense floral fragrance (Jasmine, White Flowers, Rose), with aldehydic, spicy, woody and peach notes.

Concentrated formula, based on cationic surfactants for stretching fibres, specially designed to reduce consumption and allow low costs in use, while guaranteeing excellent performance in terms of softness and scent, even after drying and during ironing.

Patented technology with micro-capsules:

- capable of releasing a dynamic and long-lasting scent on fabrics, thanks to the rubbing of the fibres, in fact, the micro-capsules are activated and release their scent during the use of the fabrics, even months later;
- with special coating to facilitate deposition on the fibres;
- with micro-encapsulated scent with floral and aromatic notes.

SOFT POWER CAPS

? HOW TO USE

- 5 Kg size: Pour the product into the washing machine reservoir or into the soaking tank of the fabrics for hand washing.
- 20 Kg size: To be used with the other products of the Oxipur range, and with Sutter Tech automatic dosing systems.

Always use in the last rinse, for best performance it is recommended to increase the water level. If used in combination with other additives, neutralizers and/or chlorine reducers (e.g. WHITENER, CONTROL POWER, OXY ACTIVE, PER ACTIVE and STAIN ACTIVE), introduce the softener with a delay of at least 60 seconds, ensuring that the rinse phase lasts at least 3 minutes. For further information please contact the Sutter Professional technician.

📄 DILUTION

- 1-5 ml per kg of linen.

To be dosed according to the cycle of washing and water hardness.
