

XTRA-CALC PLUS

DISINFECTANT* DESCALING HARD SURFACE CLEANER

- EN Tests*: 1276, 1650, 13697, 14476, 16777
- It eliminates up to 99.9% of bacteria, fungi and virus
- With performing foaming trigger

FORMIC ACID

Ready to use descaling disinfectant* detergent for hard surfaces. Thanks to the foaming trigger and the formation of foam it adheres to vertical surfaces ensuring excellent cleaning results. Particularly suitable for all periodic cleaning and for the removal of dirt not attacked with daily procedures. It eliminates mineral residues, rust, limescale, soap and grease. Excellent for the bathroom (sinks, bathtubs, ceramic coverings, taps, etc.). It cleans blackened joints in floor and wall tiles and is particularly suitable for thorough cleaning of shower enclosures.

In compliance with the following EN Tests standards*: 1276, 1650, 13697, 14476, 16777.

HOW TO USE

- Descaling detergent action: spray on the surface to clean. Leave the foam to act, if needed remove the dirt with an anti-scratch abrasive and rinse.
- Disinfectant action: spray the product on the surface and leave to act for 5 minutes (bactericidal activity) or for 15 minutes (fungicidal activity against yeasts and molds), then remove the dirt and rinse. For virucidal activity, spray the product on the previously cleaned surface, leave it to act for 15 minutes and rinse.

DILUTION

Ready to use.

WARNINGS

Causes skin irritation. Causes serious eye damage. Wash hands thoroughly after handling. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. Contains: ALKYL POLYGLUCOSIDE, QUATERNARY C12-14 ALKYL METHYL AMINE ETHOXYLATED METHYL CHLORIDE, 2-PROPYLHEPTANOL ETHOXYLATED PROPOXYLATED.

DANGER

NOTES

Do not inhale the sprayed product. Do not use on marble composition, travertine and on all acid sensible surfaces. If in doubt, perform a test on a small hidden portion of surface to make sure it is compatible. Before use, please always refer to the Technical Data Sheet and the Safety Data Sheet, with the exposure scenario, of the product. Use the PPE specified in the Safety Data Sheet.

For further information about the EN Tests & Effectiveness Conditions, please check the "Test and Conditions" Annex.

Sutter Professional cannot be considered liable for any damage due to improper product use.

Only for professional use. Safety data sheet available on request.

*Regulatory requirements surrounding the biocidal registration may vary according to each Country.
